

MyQuestionBank

Product Vision

MyQuestionBank is a website for students or teachers who want to create their question bank separated by topics and automatically have a test to study or take. Unlike other programs, MyQuestionBank is appealing and easy to use.

Product Roadmap

Legend:

-  Sprint 1: creation of basic and important functions like question creation
-  Sprint 2: creation of advanced features like test correction
-  Sprint 3: creation of non-detailed features
